

Isolating a Design using the Crop Start-End Button

- Press **Design**.
- Press **File**.
- Press **Open**.
- Double tap on:
 - **Designs/HQ Designs/ Continuous Line/Bunny and Stars e2e**

- Press **Quit**.
- Press **New Start/End**.
- Move the **Green Start** point to the beginning of the first bunny.
- The segment count will be approximately **"434"**.
- Move the **Red End** point to approximately **"1095"**.

- Press **Design**.
- Press **Crop**.
- Press **Start-End**.

- The design around the **Bunny** will be cropped, leaving just the **Bunny**, which can now be saved as a new design in **File**.
